**Record(s) to which Statement Needs to be Attached:**

1. Letter from you, addressed to me, dated April 09, 2015 (the Record)

**Background:**

On April 09, 2015, Ms. Marcella E. Franczkowski, Assistant State Superintendent, Division of Special Education/Early Intervention Services, MSDE (the Superintendent), falsely documented the following in her letter to me:

*"It is concerning that you informed Ms. Mandis that you had no memory of the efforts made to ensure that the PGCPS had an appropriate safety vest for your son, even when she reminded you of your contact with the United States Department of Education, Office of Special Education Programs (OSEP) about the matter." (the Manipulation)*

I did not inform this to Ms. Mandis (the Chief). I did not inform or say to the Chief or any of the MSDE staff that anyone didn't have memory. I didn't say anything about memory during the conversation referred in the Record. So, the sentence in the Manipulation is incorrect.

When I requested the Superintendent to correct the Record, the MSDE refused. The MSDE didn't deny that I did not inform anything to the Chief regarding memory. Please note that there is no mention in the Manipulation regarding whose efforts is being referred in the Manipulation. I still remember the Manipulation done by the

Superintendent and remember my efforts to obtain proper safety vest for the Student. I also remember the effort of Ms. Debbie Anzelone from the PGCPs, who worked with me cooperatively and efficiently to obtain the safety vest.

Based on the Manipulation, the Superintendent's understanding of the issue was whether the PGCPs had an appropriate safety vest for the Student, while the issue was that proper safety vest was not provided to the Student. I have reiterated about "providing the remedy to the child with disability" several times in earlier correspondences.

The Chief thought that I filed a complaint with OSEP against MSDE staff for not following up regarding Safety Vest for the Student. I did notify OSEP and the United States Department of Justice (DOJ) about the issue, but did not file a complaint.

The Superintendent has been continuing documentation with similar and more severe [manipulations](#).
